The Oregon Fishermen's Cable Committee Inc. is an organization of trawl fishermen and representatives from companies that operate fiber optic cables off the Oregon coast. Membership is free of charge and open to all west coast trawl fishermen that have either a west coast federal groundfish permit or an Oregon, Washington or California Pink Shrimp permit. Members that follow operating protocols receive replacement gear and compensation for lost time and catch if asked to sacrifice fishing gear to protect an undersea cable. In addition, such members may receive a release of liability for accidental damage to an undersea cable. Members also are eligible to participate in drawings for patrol vessel charter opportunities during undersea cable installations. To join, contact the OFCC office.

The OFCC tries to monitor an email address and phone number for use in a submarine cable emergency:

**OFCC Emergency phone #: (503) 440-3569 Email: 911@ofcc.com**
